

## The BURGER project, PART 2

MIDTERM project: Katie Thompson  
Programming Fundamentals II  
Spring 2016

**start**

Declarations

```
class Burger
public string myIngredient
public string ingredientType
public string topping
public bool nextBurger = true
```

*here is the flowchart  
for the CLASS*

nextBurger  
= true?

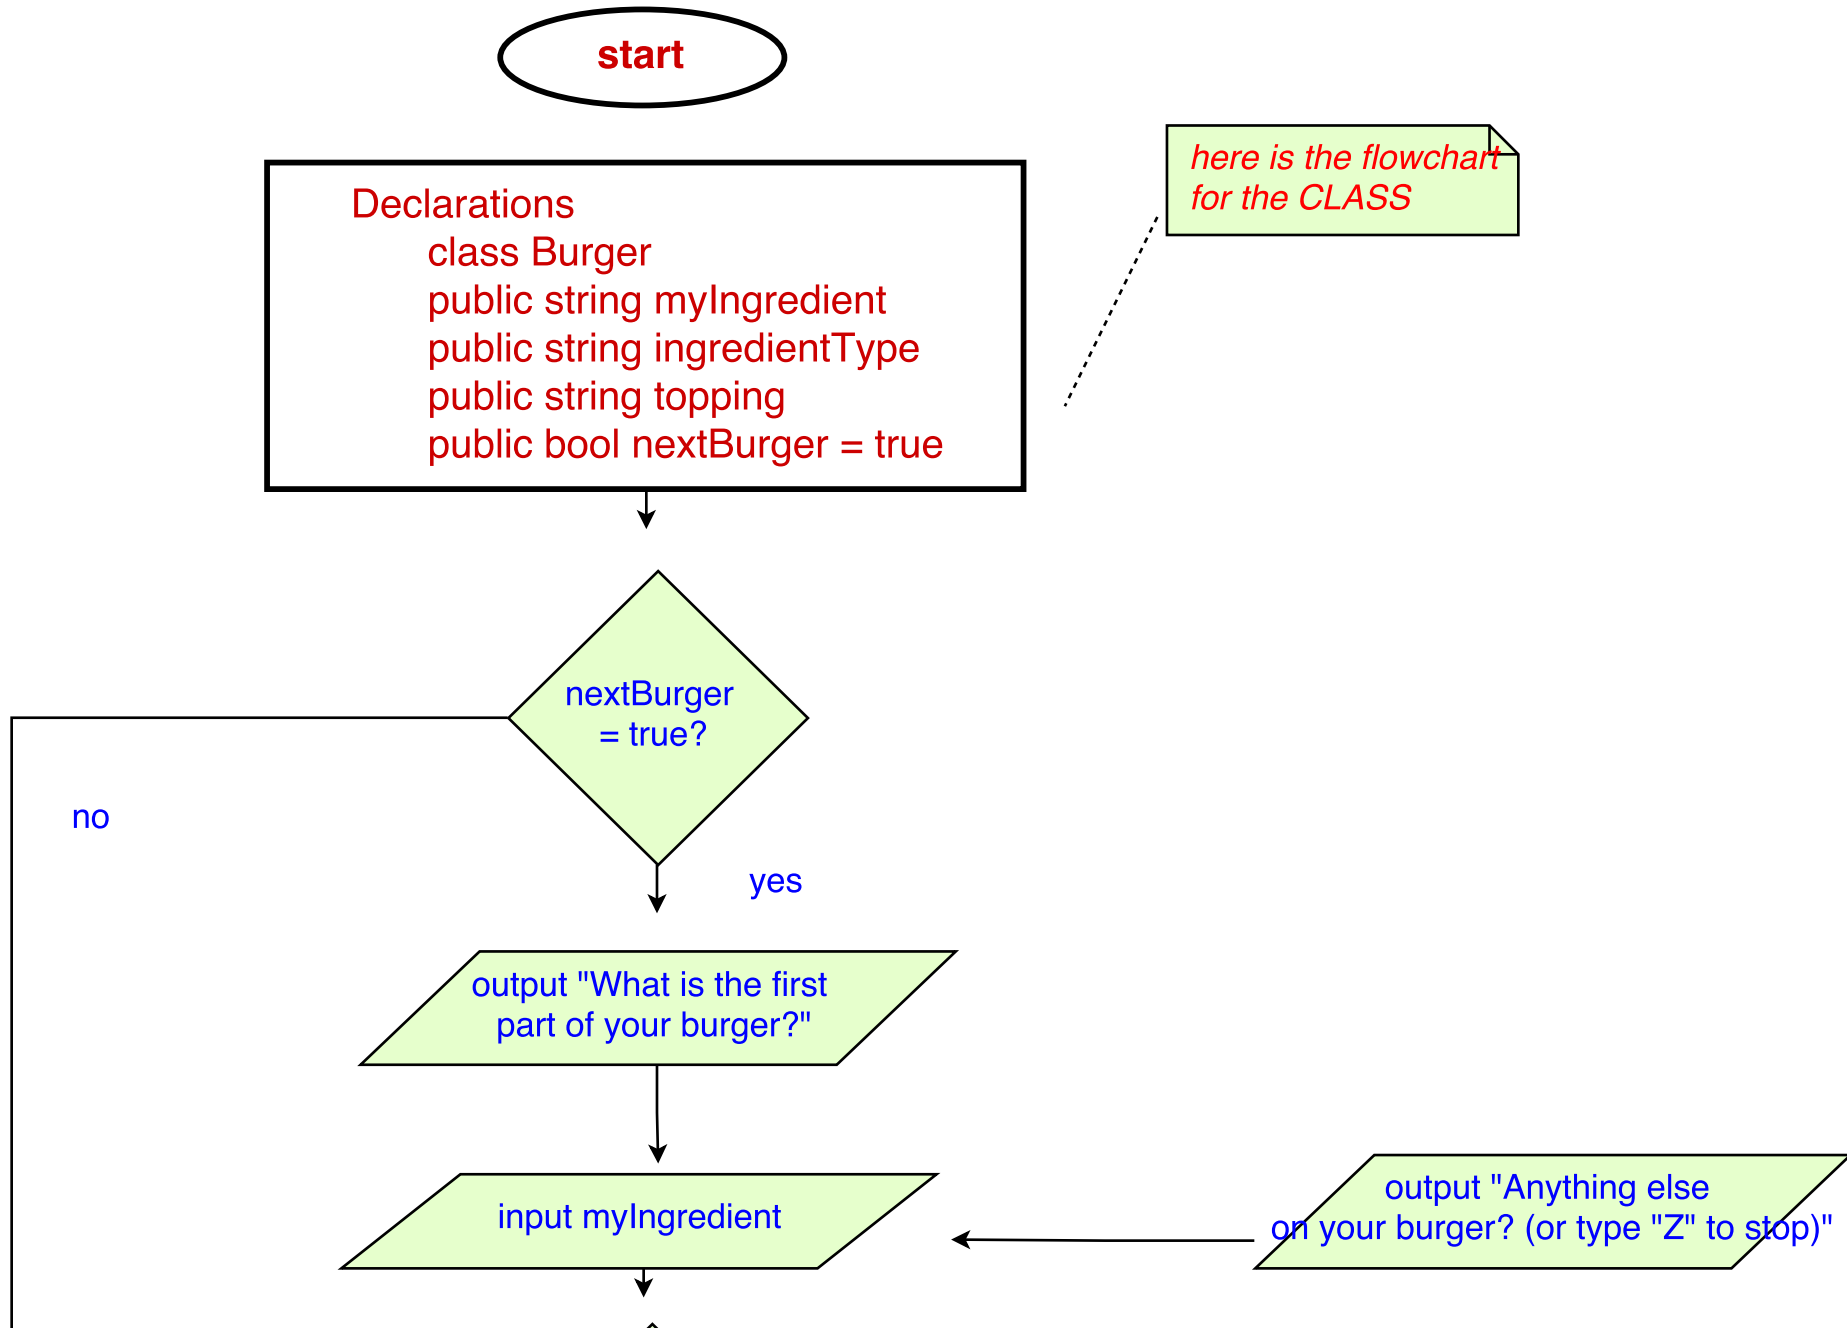

no

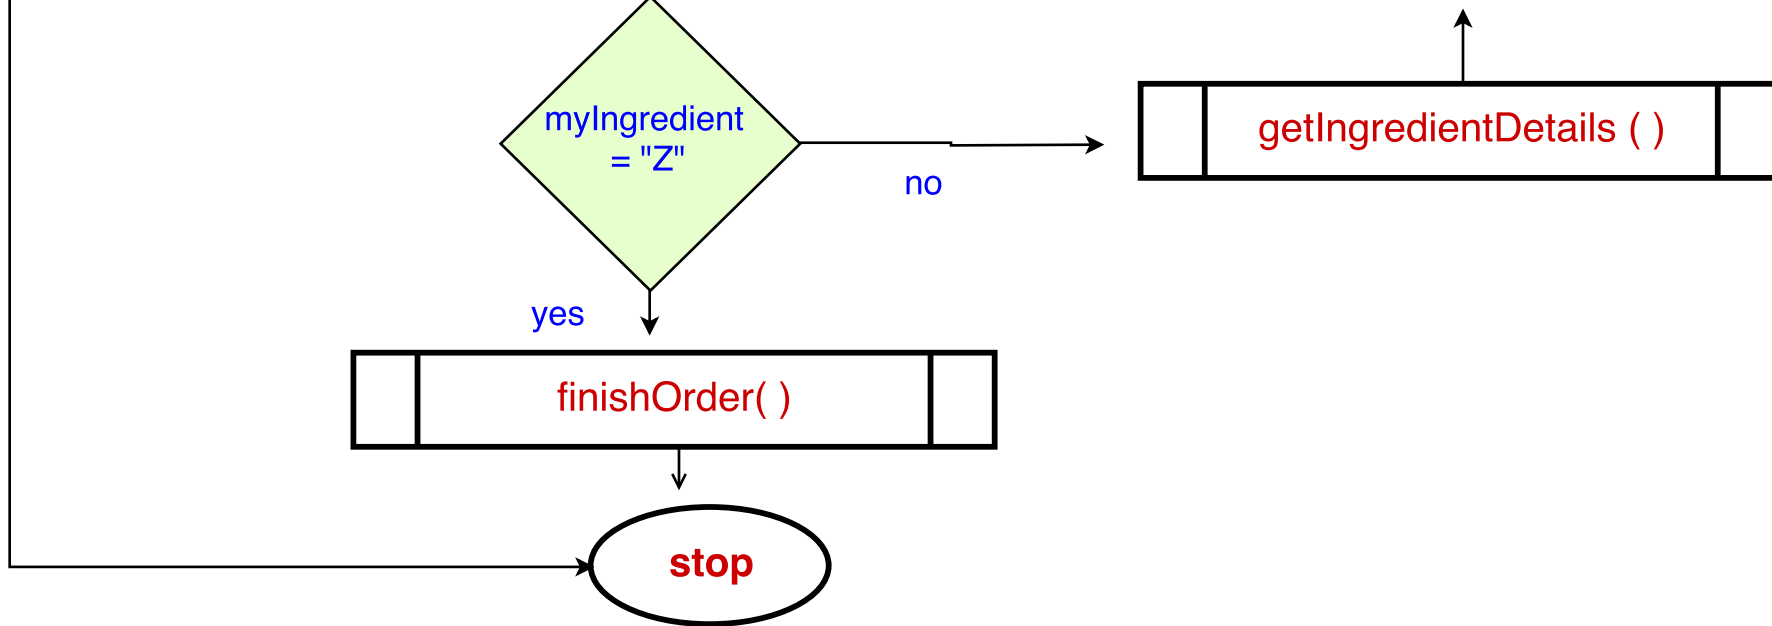

yes

output "What is the first  
part of your burger?"

input myIngredient

output "Anything else  
on your burger? (or type 'Z' to stop)"

*here is the flowchart for one of the functions in the class*
